

CLT

An Overview OF THE CLT

The CLT is a college entrance exam for 11th and 12th graders and an alternative to the SAT® and ACT®. Accepted at hundreds of colleges across the United States and abroad, the CLT assesses reading, grammar, writing, and mathematical skills and is tied to \$100 million annually in scholarships. Schools can administer the online exam to their students on test dates offered nearly every month throughout the year. Paper exams are available on select test dates.

Contains 3 sections:

- Verbal Reasoning (40 minutes)
 - 40 questions of textual comprehension and textual analysis
- Grammar/Writing (35 minutes)
 - 40 questions of grammatical editing and improvement
- Quantitative Reasoning (45 minutes)
 - 40 questions of logic and mathematics

The CLT is open to every student who wishes to take it, regardless of educational background. The “classic” in Classic Learning Test refers to its use of the greatest and most enduring texts that have informed and shaped society. Although these texts are featured prominently in a classical education, the CLT instead emphasizes intellectual aptitude and achievement which is not limited to classical curricula.

In the state of Florida, students can use CLT scores to qualify for Bright Futures scholarships, apply to Florida state universities, satisfy graduation requirements, and become eligible for dual enrollment.

Schools that administer the CLT receive full support from the Classic Learning Test (CLT) team before and after testing. This includes special pricing, analytics reports for individual students and the entire testing group, and a dedicated CLT representative to assist with the testing process and analytics interpretation.

See the next page for distinctives, format, and specifics of the CLT.

CLT exists to reconnect knowledge and virtue by providing meaningful assessments and connections to seekers of truth, goodness, and beauty.
